KING LEGACY

AUTHOR · SHTC

Urban street lit — and the stories beyond it. Seven books. One standard: built, not inherited.

ABOUT KING LEGACY

King Legacy is an indie author writing urban street lit that hits different. His novels — REALITY, JEWEL, and THE DRIP CAPITAL — dive into survival, strategy, family, and the price of ambition, set against the raw pulse of the streets. With BONNIE, he turns to real life, honoring faith, fight, and legacy. Every book is built on one belief: some legacies aren't inherited — they're built.
